

Sustainable Migration From Africa to Europe

BRIEFING PAPER - EUROPEAN MIGRATION NETWORK ROUNDTABLE ^[1]

9 December 2020

The European Migration Network (EMN) online Roundtable on ‘**Sustainable Migration from Africa to Europe**’ took place on **9 December 2020**. It explored how to define and operationalise the concept of ‘sustainable migration’ by considering the whole-of-route approach from countries of origin to destination. By bringing together policymakers, researchers and practitioners representing different sectors and perspectives, the event fostered a better understanding of how to design sustainable migration policies that work for Europe and for third countries.
